The screenshot shows the 'Accounts and Roles' step of the MySQL Installer for MySQL Server 5.7.12. The left sidebar contains navigation links: 'Type and Networking', 'Accounts and Roles' (selected), 'Windows Service', 'Plugins and Extensions', and 'Apply Server Configuration'. The main area is titled 'Accounts and Roles' and includes a section for 'Root Account Password' with instructions to enter a secure password. Two password fields are shown: 'MySQL Root Password:' and 'Repeat Password:'. The 'Repeat Password:' field contains the text 'brq'. Below the fields, the 'Password Strength' is indicated as 'Weak'. A section for 'MySQL User Accounts' follows, with instructions to create user accounts and assign roles. It features a table with columns 'MySQL Username', 'Host', and 'User Role', and buttons for 'Add User', 'Edit User', and 'Delete'. At the bottom, there are '< Back', 'Next >', and 'Cancel' buttons.
