InstallShield

Para acessá-lo, inicie os serviços no Windows:

- OracleServiceXE
- OracleXETNSListener

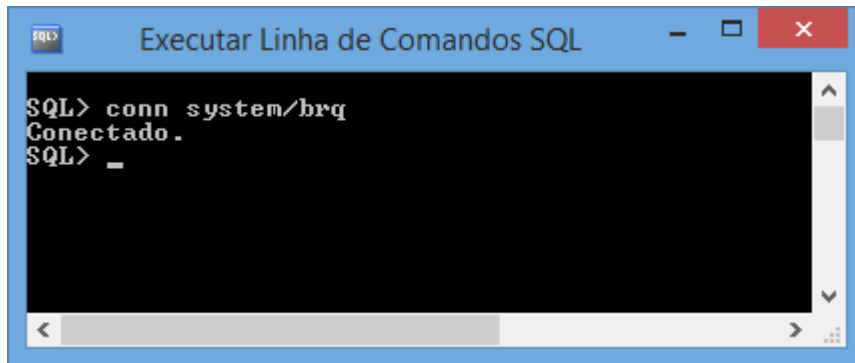

Procure por:

Executar Linhas de Comando SQL

Informe:

conn system/brq

A screenshot of a Windows-style application window titled "Executar Linha de Comandos SQL". The window has a blue title bar with standard minimize, maximize, and close buttons. The main area is a black terminal with white text. The text shows the command "SQL> conn system/brq" being entered, followed by the response "Conectado." and a new prompt "SQL> _". A vertical scrollbar is on the right, and a horizontal scrollbar is at the bottom.

```
SQL> conn system/brq
Conectado.
SQL> _
```
